

A Place for Pride

The Bulldog Foundation

Initiated by The Bulldog Foundation and working with The Collaborative, Bluewater Studio and Media Integration teams were selected to create a high-impact place of pride that honors outstanding alumni, veterans, students and athletes in the main hallway of the new Rossford High School.

"We loved working with Bluewater. All of Bluewater's team became immediately invested in and excited about the project. The spirit of cooperation and buy-in for the project was remarkable, and it shows in the end-product."
